EXPERT ADVICE

Mr. Sandeep Jain

He started this Journey with just one thought- every geek should have access to a never-ending range of academic resources and with a lot of hard work and determination, GeeksforGeeks was born.

Through this platform, he has successfully enriched the minds of students with knowledge which has led to a boost in their careers. But most importantly, GeeksforGeeks will always help students stay in touch with their Geeky side!

CEO and Founder of **GeeksforGeeks**

"I understand that many students who come to us are either fans of the sciences or have been pushed into this field by their parents.

And I just want you to know that no matter where life takes you, we at GeeksforGeeks hope to have made this journey easier for you."
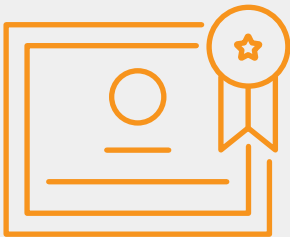

COURSE OVERVIEW

A beginner-level course that has been designed to build and strengthen your programming basics using Java. It doesn't matter whether you're a school or a college student, as long as you're willing to learn a new skill, you're welcome here! Java will be taught in the easiest possible manner using our state-of-the-art videos so your basics are clear and coding questions will be provided to strengthen your concepts!

WHERE OUR ALUMNI WORK

REVIEWS

HIMANSHU JAIN
⭐⭐⭐⭐⭐

The content is tremendous, and the classes have been smooth. The mentor that is none other than Sandeep Jain Sir (founder and CEO) is a great mentor and has been very effective at answering our questions.

MAHEK ANAND
⭐⭐⭐⭐⭐

The course is well-curated available at an affordable price. If you have money don't think twice before buying this course. Being from a non-CS background.

BHARTI TANDON
⭐⭐⭐⭐⭐

I struggled to solve even a simple problem earlier. Within two weeks of learning about the platform, I am now able to solve the intermediate level of problems.

SANSKRITI SHARMA
⭐⭐⭐⭐⭐

GfG is an excellent platform to opt for the Java Foundation course. This course has great knowledge about this subject, video lectures were awesome.

HARSHAL MEHTA
⭐⭐⭐⭐⭐

The course was an excellent guide to improving my problem-solving skills, something I missed before joining this course.

SIMRAN KAKKAR
⭐⭐⭐⭐⭐

It is an awesome self-paced learning course. I realized that I can count on GfG for the preparation of my college and placement examinations.

QUESTION & ANSWER

What type of certificate will be offered in this program?

Once the course is completed. You'll get a course completion certificate.

Do we have doubt support in this program?

You may get the additional feature of doubt support. While purchasing this course, click on "Add to Cart" for Doubt Support and Assistance.

What is the difference between the Java content covered here & the one covered in the Complete Interview Preparation Course?

JAVA content covered is the same in both the courses, but the CIP Course includes JAVA Libraries i.e JAVA Collections. And not only does the course include complete JAVA & its libraries, but also covers the topics like DSA, OS DBMS, OOPS concept, & much more. Hence **CIP** is the complete package for Interview Preparations.

Is this a language-specific course?

Yes, the course is only in Java.

QUESTION & ANSWER

Will the course content be available after the course end date?

Course content comes with lifetime validity.

How can I register for the course?

You need to sign up for the course. After signing up, you need to pay when the payment link opens.

Can I make the payment through PayPal?

Yes. Mail us with your details at **geeks.classes@geeksforgeeks.org**

Is there any demo lecture video of this course?

Yes, you may access the demo lecture here: **Demo Video for Java Foundation Course.**
