EXPERT ADVICE

Mr. Sandeep Jain

Founder & CEO – GeeksforGeeks

He started this Journey with just one thought- every geek should have access to a never ending range of academic resources and with a lot of hardwork and determination, GeeksforGeeks was born.

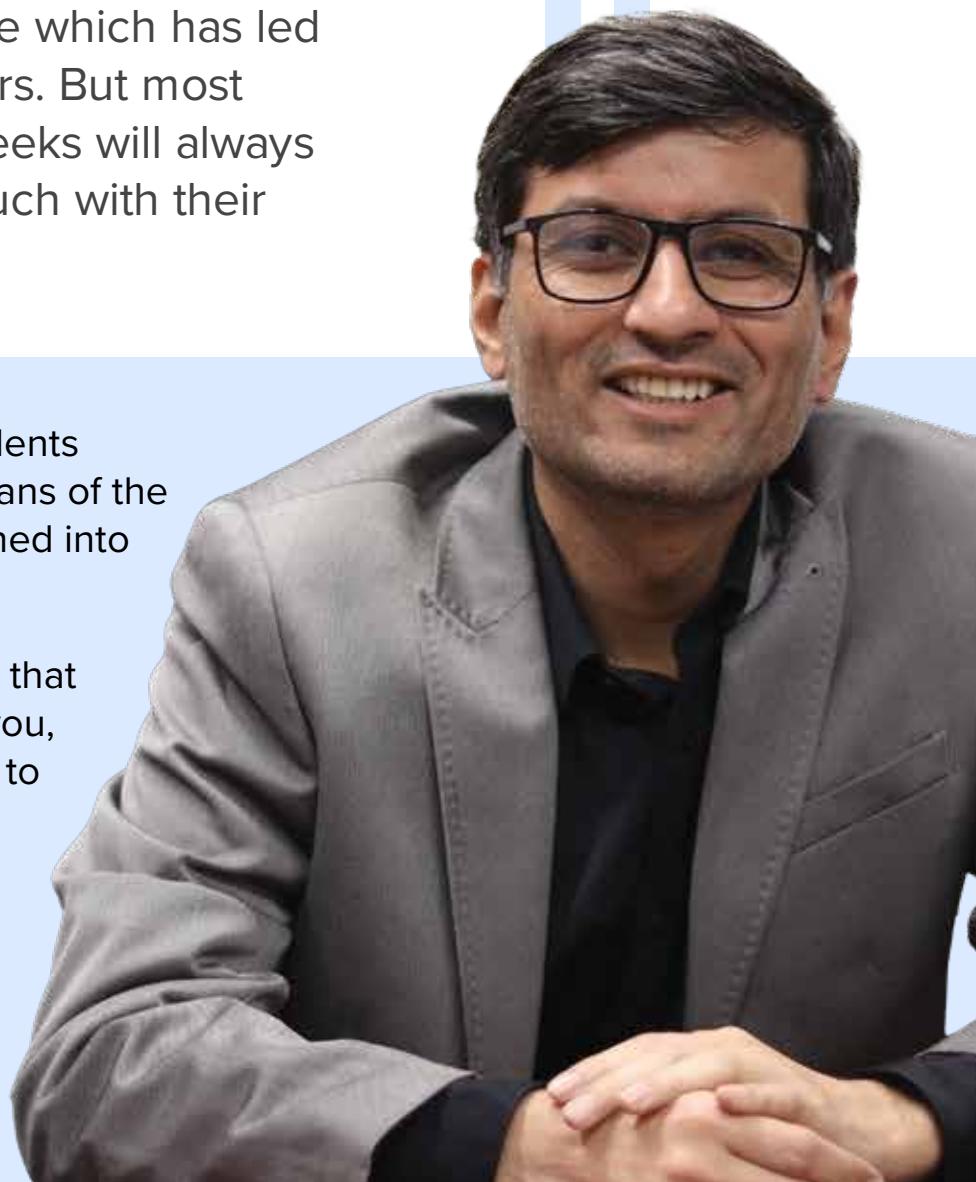

Through this platform, he has successfully enriched the minds of students with knowledge which has led to a boost in their careers. But most importantly, GeeksforGeeks will always help students stay in touch with their Geeky side!

“

I understand that many students who come to us are either fans of the sciences or have been pushed into this field by their parents.

And I just want you to know that no matter where life takes you, we at GeeksforGeeks hope to have made this journey easier for you.

”

COURSE OVERVIEW

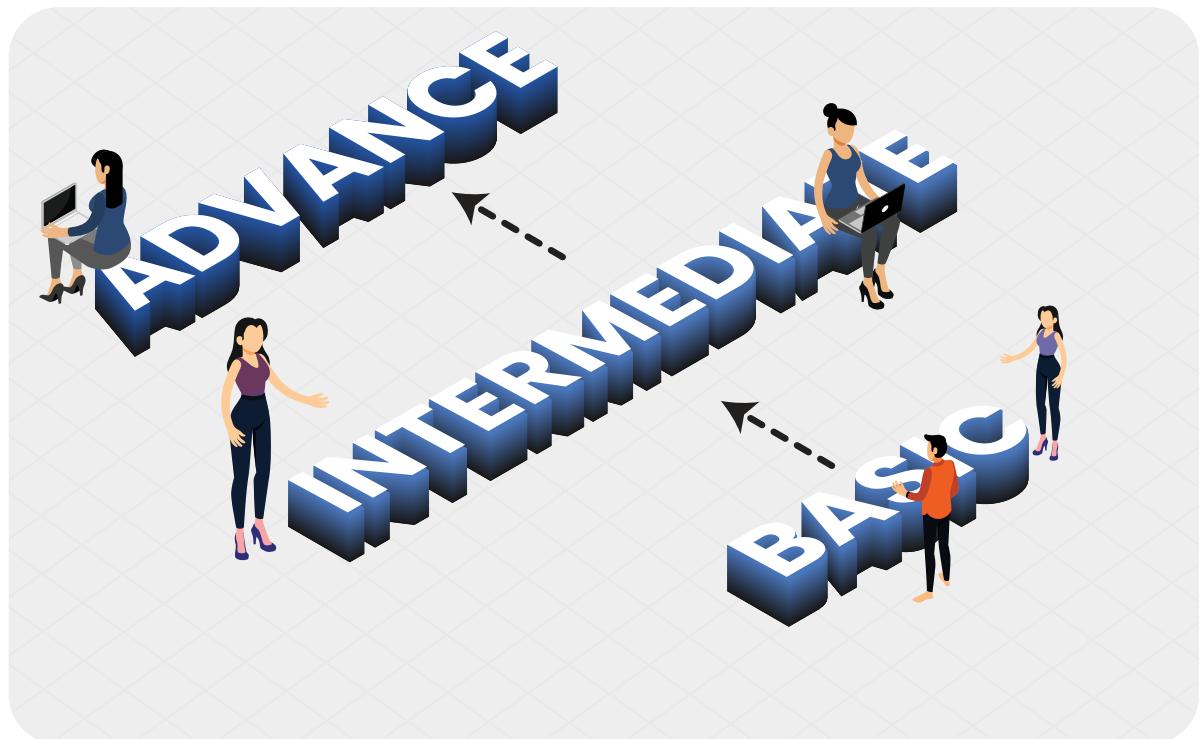

Course Duration: 26 Weeks

Competitive Programming Journey: From Beginner to Advanced - Self Paced is an intensive course designed for aspiring programmers aiming to excel in competitive programming contests. Starting with fundamental data structures and algorithms, learners will progressively advance through topics such as sorting algorithms, dynamic programming, graph theory, and more.

The course emphasizes problem-solving techniques and algorithmic thinking, equipping learners with strategies to tackle complex coding challenges efficiently. Learners will engage in real-time coding challenges through platforms like GeekBlitz, gaining practical experience in solving algorithmic problems under time constraints.

REVIEWS

Chhavi Gupta

This course exceeded my expectations. I Highly Recommend it!

Parul Handa

Enrolling in this course was a turning point in my career journey. The curriculum was well-paced and covered a wide range of topics, from basics to advanced concepts. Go for it!!

Gaurav Jaiswal

I'm thrilled with the knowledge and skills I gained from this course. The lectures were engaging and knowledgeable, making the learning experience enjoyable!

Amit Sejwal

This course was a game-changer for me. The content was relevant and up-to-date. The flexibility of self paced learning and the accessibility of course materials made it easy for me to balance my studies with other commitments!
